Police forces in the United Kingdom are routinely required to provide crime statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the crime data. It should be noted that for these reasons this force's response to your questions should not be used for comparison purposes with any other response you may receive.

Please be aware that the information provided/researched from the 19 October 2015 has been extracted from the Athena crime system. The information provided is subject to change as processes are amended to ensure accurate and precise crime recording.
