Responding to issues in your community

During the month of October, there was a total of 740 investigations in Ipswich East. This is a slight increase from September, where we recorded 685 investigations. (Investigations relate not only to recorded criminal offences, but also safeguarding individuals). Each ward has been affected by, residential / garage / shed burglaries, thefts from motor vehicles, criminal damage and ASB incidents. Investigations also include, reassurance and crime reduction surveys.

A major concern of our local communities, across each ward, are speeding motorists. During our regular partnership meetings, local councilors representing their various wards have identified areas of concern. Local funding has been successfully obtained and Speed Indication devices have been purchased. Our SNT officers have now been deploying these devices on the roads initially identified and this will continue to happen throughout our SNT area.

Making the community safer

There are ongoing ASB issues in the area of Broadlands Way involving anti-social use of motor vehicles and littering which are being addressed with the regular SNT patrols and continued assistance of our NRT colleagues. A barrier has now been installed which will go some way to resolving this issue.

We have also received reports of ASB (Anti social behavior) in Gladstone Road, Ipswich whereby youths are acting in an rowdy and inconsiderate manner. Officers from the Ipswich East SNT have completed an leaflet drop, to gauge the local communities concerns. Following on from this, we have visited residents wishing to discuss these matters further. The families of those causing the issues have been visited and advice has been given. Our SNT officers continue to patrol the area at relevant times.

In order to keep you updated and to help you understand the demands that we are dealing with on a regular basis, we have developed a focused section as part of this newsletter highlighting the demands at both your SNT and force level across a typical week.
