## Sudbury

### You said...

Tackle youth related Anti Social behavior and low level crime attributed to a group of individuals in Great Cornard

### We did...

Liaised with local businesses, and Thomas Gainsborough School to identify members of the group and are in the process of taking enforcement action against them in order to disrupt and prevent further offences.

### Responding to issues in your community

Following concerns raised by local residents of a strong smell of cannabis in an area of Sudbury, pro-active work was undertaken and a small hydroponics cannabis factory was located within a bedroom of a ground floor flat. The male occupant was arrested and is on bail pending further enquiries, and a CPS decision. His housing provider is working with us to ensure we take all reasonable steps to prevent a repeat offence.

### Making the community safer

We have carried out several visits to the registered keepers of vehicles that have been caught speeding on multiple occasions by our Community Speedwatch partners. these visits are part of an escalation process that educates drivers on their behaviour, and the inevitable action that will take place should they be caught again.

### Preventing, reducing and solving crime and ASB

We have already seen a small number of reports from victim who have had their purses stolen whilst shopping in Sudbury. This is very much a seasonal crime trend and we are being visible in Town on the run up to Christmas in order to offer advice on how to keep your possessions safe. We are also delivering posters and leaflets to shops and businesses in order to make staff more vigilant during the Festive period.
