

Freedom of Information Request Reference N°: FOI 000385-18

I write in connection with your request for information received by Suffolk Constabulary on the 25 January 2018 in which you sought access to the following information:

1. *"How many incidents of sheep worrying/attacks on sheep by dogs have been reported to your police force during 2015, 2016 and 2017?"*
2. *How many sheep have been injured as a result of these attacks?*
3. *How many sheep have been killed as a result of these attacks?*
4. *How many people have been prosecuted for these crimes?"*

Response to your Request

The response provided below is correct as of 1 February 2018

Suffolk Constabulary has considered your request for information and the response is below.

In relation to your request for information and in accordance with Section 17 of the Freedom of Information Act 2000 (FOIA), this response serves as a formal notification of refusal for your request. Suffolk Constabulary does not hold, for the purposes of FOIA, the information you require in a retrievable format.

It is estimated that to attempt to retrieve all of the information you require would take a considerable amount of retrieval time, which would exceed 18 hours. This would exceed the appropriate limit for dealing with Freedom of Information requests, in terms of costs and therefore Section 12(1) of the Freedom of Information Act 2000 applies.

In order to establish the number of incidents of sheep worrying reported to the Constabulary would require a manual review of all call records that have a 'Public Safety – animals wildlife' marker. For the three years requested, there were 6,447 incidents with this marker and each would need to be reviewed to establish whether it related to sheep worrying or otherwise.

The Constabulary anticipates it will take in excess of 100 hours to extract accurate information concerning reports of sheep worrying.

Section 12(1) of the Freedom of Information Act 2000 states that a Public Authority is not obliged to: *"...comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit."* The Freedom of Information (Appropriate

Limit and Fees) Regulations, defines the 'appropriate limit' for the Suffolk Constabulary as £450 and specifies that this sum equates to 18 hours work at a standard rate of £25 per hour.

In accordance with Section 17(5) of the Freedom of Information Act 2000, this letter serves as a refusal notice for this part of your request.

By requesting *all* information your request is too broad to be complied with within the £450 limit imposed on Freedom of Information requests.

Although excess cost removes the Force's obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

A search has been completed of the Constabulary's crime data for all offences recorded that relate to sheep worrying. This has been obtained by completing a search of the word 'Sheep' in the property field of the crime. Each was then reviewed to ensure the offences were relevant to the request parameters.

The total number of offences recorded of sheep worrying, including the outcome, was as follows, noting there were no offences during 2015.

Year and Outcome	Total
2016	
Type 18 - Investigation Complete; No Suspect Identified.	7
Type 8 - Community resolution (Crime)	3
Not recorded	1
2017	
Type 16 - Named Suspect Identified: Evidential Difficulties Prevent Further Action	1
Type 18 - Investigation Complete; No Suspect Identified.	5
Type 8 - Community resolution (Crime)	2
Not recorded	1
Grand Total	20

The total number of sheep deaths and injuries recorded was as follows:

	2016	2017
Sheep Injuries	16	19
Sheep Deaths	7	14

Please note:

One offence in 2016 and 2017 reported sheep being injured but did not include any numbers. One offence in 2016 recorded no injuries or deaths.

Police forces in the United Kingdom are routinely required to provide crime statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the crime data. It should be noted that for these reasons this force's response to your questions should not be used for comparison purposes with any other response you may receive.
