

Freedom of Information Request Reference N^o: FOI 000707-19

I write in connection with your request for information received by Suffolk and Norfolk Constabularies on 18 February 2019 which you sought access to the following information:

1. *"How many fixed automated speed camera housings do you operate?"*
2. *How many of these use digital cameras and how many are film-based?"*
3. *Can we have a list of the film-based cameras that will be upgraded to digital and when?"*
4. *If you have identified sites as not being suitable for upgrade can you provide details including any plans to remove them or leave them in place as a deterrent etc)?"*
5. *How much has the digitisation process cost so far, and what is the estimated / actual planned budget?"*
6. *When will your film-based cameras stop being operational?"*

Response to your Request

The response provided below is correct as of 11 March 2019

Suffolk and Norfolk Constabularies have considered your request for information and the response is below.

1. In Norfolk, we operate 24 fixed cameras and 2 average speed cameras.
In Suffolk, we operate 2 fixed and 2 average
2. All of the Constabularies speed cameras are digital
3. N/A
4. N/A
5. All of the cameras were digitalised prior to 2016 and the Constabularies only hold limited information concerning the financial expenditure, however we can confirm the following:

We can identify 5 cameras that changed from wet film to digital in 13/14. Norfolk accounted for 3 cameras at a cost £161,995.95 and Suffolk 2 cameras at a cost of £108,540.

Suffolk Constabulary received a grant of £100k from Suffolk County Council towards the cost, so actual cost to Suffolk was £8,540 only.

A further exercise was carried out in 15/16 which involved upgrading further Norfolk cameras to digital and installing new sites. We are unable to separate the costs out to identify the costs specifically for the cameras being upgraded, therefore the total cost was £617,065.

6. N/A
