Response to your Request

The response provided below is correct as of 30 April 2019

Suffolk Constabulary has considered your request for information and the response is below.

The victim occupation on the Constabulary's crime system is non mandatory and consequently, in order to provide a complete response to this request, we would be required to manually review hundreds of offences where no occupation has been completed, to establish whether the occupation is noted within the crime freetext. This is likewise the same for suspect occupation, where we can review offences that have a suspect occupation of 'student' this is also non mandatory and will potentially not include all of the relevant offences.

To review all offences with a blank victim or suspect occupation would take an excessive amount of time and certainly in excess of the statutory 18 hours.

In relation to your request for information and in accordance with Section 17 of the Freedom of Information Act 2000 (FOIA), this response serves as a formal notification of refusal for your

request. Suffolk Constabulary does not hold, for the purposes of FOIA, the information you require in a retrievable format.

It is estimated that to attempt to retrieve all of the information you require would take a considerable amount of retrieval time, which would exceed 18 hours. This would exceed the appropriate limit for dealing with Freedom of Information requests, in terms of costs and therefore Section 12(1) of the Freedom of Information Act 2000 applies.

Section 12(1) of the Freedom of Information Act 2000 states that a Public Authority is not obliged to: "...comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit." The Freedom of Information (Appropriate Limit and Fees) Regulations, defines the 'appropriate limit' for the Suffolk Constabulary as £450 and specifies that this sum equates to 18 hours work at a standard rate of £25 per hour.

In accordance with Section 17(5) of the Freedom of Information Act 2000, this letter serves as a refusal notice for this part of your request.

By requesting *all* information your request is too broad to be complied with within the £450 limit imposed on Freedom of Information requests.

Although excess cost removes the Force's obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

The information provided below confirms all offences recorded where the suspect occupation is recorded as 'Student' and the victim's occupation is recorded as 'Teacher', or other relevant variables. The information has then been filtered to only include those offences that have a premise type of school, college or university.

Police forces in the United Kingdom are routinely required to provide crime statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the crime data. It should be noted that for these reasons this force's response to your questions should not be used for comparison purposes with any other response you may receive.

Should you have any further queries concerning this request, please contact Clair Pack, FOI Decision Maker, quoting the reference number shown above.
