

Freedom of Information Request Reference N°: FOI 001755-19

I write in connection with your request for information received by Suffolk Constabulary on the 9 May 2019 in which you sought access to the following information:

"I am getting in touch as I wanted to request data showing the number of road accidents that involved cyclists in The County of Suffolk.

If possible, I'd like to see the number of road accidents involving cyclists for the past five years, but I understand this might not be possible so data for 2018 will be also very much appreciated."

Response to your Request

The response provided below is correct as of 13 May 2019

Suffolk Constabulary has considered your request for information and the response is below.

The Constabulary's Road Armed Policing Team (RAPT) recorded the number of Road Traffic Collisions (RTCs) where an injury was sustained. This data can be filtered to include only those where a cyclist was involved in the RTC.

The Constabulary is unable to confirm the number of RTCs that have occurred, that involve a cyclist, but where no injury has occurred. Such information will be recorded within the Constabulary's call data, however we would be required to manually review all RTC related incidents to establish whether any involved a cyclist. Considering the number of incidents recorded in any one day, this would take well in excess of 18 to extract for the time frame requested.

In relation to your request for information and in accordance with Section 17 of the Freedom of Information Act 2000 (FOIA), this response serves as a formal notification of refusal for your request. Suffolk Constabulary does not hold, for the purposes of FOIA, the information you require in a retrievable format.

It is estimated that to attempt to retrieve all of the information you require would take a considerable amount of retrieval time, which would exceed 18 hours. This would exceed the appropriate limit for dealing with Freedom of Information requests, in terms of costs and therefore Section 12(1) of the Freedom of Information Act 2000 applies.

Section 12(1) of the Freedom of Information Act 2000 states that a Public Authority is not obliged to: *"...comply with a request for information if the authority estimates that the cost of complying*

with the request would exceed the appropriate limit.” The Freedom of Information (Appropriate Limit and Fees) Regulations, defines the ‘appropriate limit’ for the Suffolk Constabulary as £450 and specifies that this sum equates to 18 hours work at a standard rate of £25 per hour.

In accordance with Section 17(5) of the Freedom of Information Act 2000, this letter serves as a refusal notice for this part of your request.

By requesting *all* information your request is too broad to be complied with within the £450 limit imposed on Freedom of Information requests.

Although excess cost removes the Force's obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

The information provided below confirms the total number of Injury road traffic collisions recorded involving cyclists, between 2014 and 2018.

Injury collisions involving cyclists	
2014	228
2015	188
2016	107
2017	118
2018	111
