

Freedom of Information Request Reference N^o: FOI 001865-18

I write in connection with your request for information received by Suffolk Constabulary on the 30 May 2018 in which you sought access to the following information:

“A breakdown of crime outcomes in reported crimes of domestic abuse (i.e. those marked with the 'domestic' indicator) by ethnicity and nationality of the victim. If you do not record either of these data points, or they have not been recorded in any instances, please state this and provide whatever information you do have recorded.”

Response to your Request

The response provided below is correct as of 11 June 2018

Suffolk Constabulary has considered your request for information and the response is below.

A search has been completed of the Constabulary's crime system for all domestic related offences recorded for the time frame 1 April 2015 – 31 March 2018.

The table provided on the attached spreadsheet confirms all outcomes for offences with a domestic related marker, by self-defined ethnicity of victim. Please note that the crime system does not record victim nationality.

Police forces in the United Kingdom are routinely required to provide crime statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the crime data. It should be noted that for these reasons this force's response to your questions should not be used for comparison purposes with any other response you may receive.
