

Freedom of Information Request Reference N°: FOI 002008-18

I write in connection with your request for information received by Suffolk Constabulary on the 7 June 2018 in which you sought access to the following information:

1. *"The number of crimes of fraud committed in your constabulary for each year from 2003 up to the most recent set of data.*
2. *Whether these instances of fraud were in person or via the internet for each year.*
3. *The ages of the victims in both instances."*

Response to your Request

The response provided below is correct as of xxx 2018

Suffolk Constabulary has considered your request for information and the response is below.

In relation to your request for information and in accordance with Section 17 of the Freedom of Information Act 2000 (FOIA), this response serves as a formal notification of refusal for your request. Suffolk Constabulary does not hold, for the purposes of FOIA, the information you require in a retrievable format.

It is estimated that to attempt to retrieve all of the information you require would take a considerable amount of retrieval time, which would exceed 18 hours. This would exceed the appropriate limit for dealing with Freedom of Information requests, in terms of costs and therefore Section 12(1) of the Freedom of Information Act 2000 applies.

Suffolk Constabulary is unable to confirm the number of fraud offences that occurred in person or via the internet. There is no specific field in which this level of detail is recorded within the crime system. The only means of extracting this data would be to manually review over 12,000 offences to establish the manner in which the offence was executed.

Considering a search of 3 minutes per offence, it would take well in excess of 18 hours to extract the data requested.

Section 12(1) of the Freedom of Information Act 2000 states that a Public Authority is not obliged to: *"...comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit."* The Freedom of Information (Appropriate Limit and Fees) Regulations, defines the 'appropriate limit' for the Suffolk Constabulary as £450 and specifies that this sum equates to 18 hours work at a standard rate of £25 per hour.

In accordance with Section 17(5) of the Freedom of Information Act 2000, this letter serves as a refusal notice for this part of your request.

By requesting *all* information your request is too broad to be complied with within the £450 limit imposed on Freedom of Information requests.

Although excess cost removes the Force's obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

A search has been completed of the Constabulary's crime system for all fraud offences recorded for the 2003 – 2018 calendar years.

The table provide don the attached spreadsheet confirms all relevant offences recorded by year. Please note that the way in which fraud offences are recorded has changed significantly over the 15 year time frame requested, therefore caution should be taken when comparing year on year figures.

With regards to the ages of the victims, date of births are not always recorded as this is a non-mandatory field within the crime recording system. Therefore this information has not been provided as any ages that are held would not provide an accurate representation of the data.
