## **Freedom of Information Request Reference N°: FOI 002476-19**

I write in connection with your request for information received by Suffolk Constabulary on the 6 July 2019 in which you sought access to the following information:

*"I would like to know the ten oldest people charged with a crime in Suffolk over the last three years (2017, 2018 and 2019). I would like information on when the crime occurred, how old the perpetrator was, what crime they committed and whether they were convicted.*

*I would like to know the ten youngest people charged with a crime in Suffolk over the last three years (2017, 2018 and 2019). I would like information on when the crime occurred, how old the perpetrator was, what crime they committed and whether they were convicted"*

## **Response to your Request**

The response provided below is correct as of 22 July 2019

Suffolk Constabulary has considered your request for information and the response is below.

A search has been completed of the Constabulary's crime system for the age of all suspects as at the date of the offence, where the outcome is recorded as a charge. Please note that the Constabulary does not hold conviction data, which should be sought directly from the Crown Prosecution Service.

The information provided within the attached spreadsheet confirms by year and month, all offences that resulted in a charge and the suspect was aged either within the ten oldest or ten youngest suspects.

***Police forces in the United Kingdom are routinely required to provide crime statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the crime data. It should be noted that for these reasons this force's response to your questions should not be used for comparison purposes with any other response you may receive.***

Should you have any further queries concerning this request, please contact Clair Pack, FOI Decision Maker, quoting the reference number shown above.
