

## Freedom of Information Request Reference N<sup>o</sup>: FOI 002585-19

I write in connection with your request for information received by Suffolk and Norfolk Constabularies on 17 July 2019 which you sought access to the following information:

*"I would like to know the following please: Number of reports of mobile phone thefts to your organisation from members of the public over the last three financial years, broken down by financial year.*

e.g.

FY19-20: 2,300

FY18-19: 1,400

*If possible, could you also include some detail on the model or make of devices? If not, no worries.*

### Response to your Request

The response provided below is correct as of 5 August 2019

Suffolk and Norfolk Constabularies have considered your request for information and the response is below.

In relation to your request for information and in accordance with Section 17 of the Freedom of Information Act 2000 (FOIA), this response serves as a formal notification of refusal for your request. The Constabularies do not hold, for the purposes of FOIA, all of the information you require in a retrievable format.

It is estimated that to attempt to retrieve all of the information you require would take a considerable amount of retrieval time, exceeding the appropriate limit for dealing with Freedom of Information requests in terms of costs and therefore, Section 12(1) of the Freedom of Information Act 2000 applies. It is considered that to provide an answer to your request will take in excess of 36 hours to provide the information.

Whilst we can retrieve the number of mobile phone thefts, to break down this data by make and model of device would require us to manually case read each and every offence. Considering that for the time frame requested there have been a total of 5734 mobile phone thefts reports to Suffolk

and Norfolk Constabularies, and at an approximate 2 minutes per search this would way exceed the statutory time restraint of the FOI Act.

Section 12(1) of the Freedom of Information Act 2000 states that a Public Authority is not obliged to: "...comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit." The Freedom of Information (Appropriate Limit and Fees) Regulations, defines the 'appropriate limit' for the Constabularies as £450 and specifies that this sum equates to 18 hours work per force at a standard rate of £25 per hour. This equates to 36 hours of work, or £900, for joint responses.

In accordance with Section 17(5) of the Freedom of Information Act 2000, this letter serves as a refusal notice for this part of your request.

By requesting all information your request is too broad to be complied with within the limit imposed on Freedom of Information requests.

Although excess cost removes the Force's obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

The below table provides the breakdown of mobile phone thefts over the past 3 financial years:

	<b>FY 2016-17</b>	<b>FY 2017-18</b>	<b>FY 2018-19</b>
<b>Norfolk Constabulary</b>	1048	1037	957
<b>Suffolk Constabulary</b>	960	838	894
