

## Freedom of Information Request Reference N°: FOI 003764-18

I write in connection with your request for information received by Suffolk Constabulary on the 12 October 2018 in which you sought access to the following information:

*"I would like to know the total number of reports for crimes classified under the Hunting Act for each year since 2004, broken down by type of offence.*

*Would it also be possible to know how many cases made it to court?"*

### Response to your Request

The response provided below is correct as of 24 October 2018

Suffolk Constabulary has considered your request for information and the response is below.

A search has been completed of the Constabulary's crime system for all offences recorded under the Hunting Act 2004.

The total number of offences recorded is provided on the attached spreadsheet, by year, offence type and outcome.

***Police forces in the United Kingdom are routinely required to provide crime statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the crime data. It should be noted that for these reasons this force's response to your questions should not be used for comparison purposes with any other response you may receive.***

Should you have any further queries concerning this request, please contact Clair Pack, FOI Decision Maker, quoting the reference number shown above.
