Response to your Request

The response provided below is correct as of 10 December 2019

Suffolk Constabulary has considered your request for information and the response is below.

A search has been completed of the Constabulary's crime system for all hate crime offences where the hate category is recorded as sexual orientation or transgender and the offence title is 'Hate Incident – Homophobic'.

The table provided below confirms the total number of offences recorded and includes the year, location, outcome and a brief summary of the incident, none of which reference men in drag.

Police forces in the United Kingdom are routinely required to provide crime statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the crime data. It should be noted that for these reasons this force's response to your questions should not be used for comparison purposes with any other response you may receive.
