

Freedom of Information Request Reference N^o: FOI 005050-17

I write in connection with your request for information received by Suffolk Constabulary on the 24 May 2017 in which you sought access to the following information:

“The number of knives and bladed weapons taken off the streets in Ipswich in 2015, 2016 and 2017 sorted by date, location and type of weapon.”

Response to your Request

The response provided below is correct as of 24 May 2017.

Suffolk Constabulary has considered your request for information and our response is below.

In relation to your request for information and in accordance with Section 17 of the Freedom of Information Act 2000 (FOIA), this response serves as a formal notification of refusal for your request. Suffolk Constabulary does not hold, for the purposes of FOIA, the information you require in a retrievable format.

It is estimated that to attempt to retrieve all of the information you require would take a considerable amount of retrieval time, which would exceed 18 hours. This would exceed the appropriate limit for dealing with Freedom of Information requests, in terms of costs and therefore Section 12(1) of the Freedom of Information Act 2000 applies.

Information recorded in respect knife seizures do not differentiate between whether the item was seized ‘off the streets’ or whether it was seized for another reason i.e. evidential, etc.

Additionally, the Constabulary does not record the location of the items seized within the property database. The only way to extract those specifically referring to the Ipswich area would be to review each record to establish whether there are any associated documents / records that would indicate the location from which the item was seized.

In order to establish what information is held, a manual review would be required of each record. Considering there were 403 seizures during 2015, we would estimate it would take in excess of 30 hours to extract the information per year.

Section 12(1) of the Freedom of Information Act 2000 states that a Public Authority is not obliged to: *“...comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.”* The Freedom of Information (Appropriate Limit and Fees) Regulations, defines the ‘appropriate limit’ for the Suffolk Constabulary as £450 and specifies that this sum equates to 18 hours work at a standard rate of £25 per hour.

In accordance with Section 17(5) of the Freedom of Information Act 2000, this letter serves as a refusal notice for this part of your request.

By requesting *all* information your request is too broad to be complied with within the £450 limit imposed on Freedom of Information requests.

Although excess cost removes the Force's obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

The Constabulary can only confirm the number of items seized as opposed to the number taken off the streets, as seized items can come from all different types of situations and the data is not differentiated in this manner.

The total number of knives seized by the Constabulary is provided in the table below, which relates to the entire force area, as opposed to Ipswich only.

Year	No. of Knives
2015	403
2016	443
2017 (to date)	254
