## FURTHER INFORMATION

This is the first report of this kind so some information will not be available until the next report.

Inspector Hill is the local inspector supervising both Lowestoft and Beccles/Bungay Safer Neighbourhood Teams (SNTs), and he is based mainly at Lowestoft Station.

Based at Beccles Police Station on London Road, NR34 9TZ, is Sergeant 971 Price who is the local sergeant overseeing the Beccles/Bungay SNT staff, also based at Beccles.

Police Constables 187 Green and 893 Warne are responsible between them for policing the towns of Beccles & Bungay, together with their surrounding parishes.

Assisting the two Police Constables (PCs) are three Police Community Support Officers (PCSOs), 3061 Green, 3286 Bellussi and 3240 Faulkner, working day time shifts only.

Administration Clerk Mrs Wilson provides the team with administrative support part time, and Police Volunteer Mr Brabbin also helps on an ad hoc basis with some 'back office' tasks.

Members of the volunteer Special Constabulary (SC) assist their regular Police Constable colleagues as often as they can, and they have the same powers as the regular PCs. SC Insp Carter bases himself at Beccles Police Station.
