Responding to issues in your community

From the 19th November to the 26th November the SDR was on Blyburgate out of 59417 vehicles only 4009 were over the speed limit which is 6.7% over the speed limit compared to the last time being the 6th August 2015 - 13th August 2015 where out of 62795 vehicles 5007 were over the speed limit which meant 8.0% were over the speed limit so there has been a decrease in speeding in the area.
