Responding to issues in your community

The main issue we have this month has been that of the roadworks and diversions in place in LAKENHEATH. This has caused many issues of which have been reported to us. If witnessed, we can deal with traffic offences but the issue itself of the work is that of HIGHWAYS. Consideration must be made to speak to HIGHWAYS DEPARTMENT at the local council before contacting ourselves.

Making the community safer

Concerns around public drug use and dealing in BRANDON. Offenders have been dealt with and along with housing have recently been moved away from the town. It still goes on, and as an SNT we will continue to work with our partners to tackle the issue .

Preventing, reducing and solving crime and ASB

Linked to above around drug use at THE ORCHARD area in BRANDON. We are increasing patrols in this area and will look to be undertaking further work to ascertain the offenders and use legislation to combat this nuisance behavior.

Please continue reporting issues to us via 101 or our website.
