CRIME STATISTICS

More information on crime and ASB in your local area then please visit www.police.uk which is run by Her Majesty's Inspectorate of Constabulary (HMIC). Suffolk Police provide the HMIC with up to date crime data, but do not control how this is used or displayed. CHURCH LEAD THEFT

Rural churches are often targeted due to their isolated locations so members of the public are asked to report any suspicious activity they see. Stealing a large amount of lead takes time and a reasonably large vehicle to transport it, so any early reports will assist police in locating offenders.

Chief Inspector Matt Rose said "We are asking local people to take an interest in their local church whilst they are out and about. If you take the dog out for a walk, or go for a stroll, don't ignore anything that you think looks out of place - report anything you think may be suspicious to the police. Communities can act as our eyes and ears, and by pulling together to note suspicious activity, we can deter thieves and help keep these historic buildings safe"

BOGUS CALLERS

Following recent reports of bogus callers in the West of the county, Police are encouraging friends, family and neighbours to spread the word to ensure everyone is aware of distraction burglaries or bogus callers so that they do not become a victim. If they witness any suspicious or unusual behaviour then immediately call police on 999.

People can take the following steps to guard against bogus callers:

- Think before you open the door, and keep all your doors and windows secure whilst you answer the front door.
- Consider displaying a 'No Cold Calling sticker' on your door. Please contact your safer neighbourhood team for more information.
- Always ask for ID – take it from the caller through the letterbox and read it carefully, and do not admit anyone who you feel is not a genuine caller.
- Keep an eye on neighbours, friends and family - call 999 if you think a bogus caller is at your property.
