Bring together all relevant agencies and contact support groups to work with the new Link Officer and PCSO's to problem solve
Use of Police stop search powers to target identified suspects.
Intelligence gathering and crime reduction targeting for vulnerable premises

Inspector Matt Dee

Responding to issues in your community

OP Sceptre, the week of action around knife crime was very busy with increased advertising of the amnesty bin in Haverhill, and numerous inputs at schools and colleges in the area. We had 85 knives handed in for destruction in this week! The bin continues to be used, mostly by people wanting a safe disposal of household knives.

Making the community safer

Are you interested in making your communities safer. On the 27th April we will be holding a Specials, Cadets and Volunteer recruitment day at the Haverhill Arts Centre. Please come and see us and find out how you can make a difference in the communities you live in.

Preventing, reducing and solving crime and ASB

The Suffolk Police area have experienced a high volume of vehicle thefts. Many vehicles targeted had been left insecure with items of value on display. We advise car owners and drivers to secure their vehicles at all times and refrain from leaving any valuables inside their vehicles. Those with keyless entry vehicle fobs or cards are advised to keep their fob or card away from doors and windows when at home or store them in a protective metallic container at home or protective Faraday pouch when out. Protecting your fob or card will prevent the signal being used by criminals with another device which enables them to gain entry to your vehicle. Switching your vehicle fob off when you are away on holiday is another way to prevent vehicle theft.
