### Responding to issues in your community

During the month of March 2019 there was a total of 319 investigations in the Felixstowe and District. (Investigations relate not only to recorded criminal offences, but also safeguarding individuals). Criminal Offences recorded range from various assaults and public order offences to theft and burglary and drug possession.

### Making the community safer

During the month of March we are still experiencing a number of Burglaries and attempted Burglaries of Dwellings, Garages and sheds in Felixstowe, Trimley St Mary, Purdis Farm and Waldringfield. Method of entry has been via insecurities for example open windows and unlocked doors, by forcing patio doors and smashing windows at the rear of premises. Please remember to secure your property including doors and windows, do not leave notes on the door or leave the garage open for deliveries. Report any suspicious sounds of smashing glass to the Police on 999. ### Preventing, reducing and solving crime and ASB

The Eastern area of the County has experienced a high volume of vehicle thefts. Many vehicles targeted had been left insecure with items of value on display. We advise car owners and drivers to secure their vehicles at all times and refrain from leaving any valuables inside their vehicles at any time. Those with keyless entry fobs or cards are advised to keep their fob or card away from doors and windows when at home or store them in a protective metallic container at home or protective Faraday pouch when out. Protecting your fob or card will prevent the signal being used by criminals with another device which enables them to gain entry to your vehicle. Switching your car fob off when you are away on holiday is another way to prevent vehicle theft.
