

Freedom of Information Request Reference N°: FOI 002253-19

I write in connection with your request for information received by Suffolk and Norfolk Constabularies on 18 June 2019 which you sought access to the following information:

1. *"I was hoping to obtain figures on the number of serving officers (all ranks) who have died whilst serving for the force.*

Please show the number for the last 5 financial years – and please show these separately.

2. *I was also hoping to find out how many officers have been referred to mental health support – either within the force – or signposted and referred to the NHS – during the same time periods."*

Response to your Request

The response provided below is correct as of 1 July 2019 2019

Suffolk and Norfolk Constabularies have considered your request for information and the response is below.

The Constabularies are unable to confirm the number of police officers who have been referred to mental health support. Such information would be recorded within personnel files but is not something that is recorded within a central location to allow for the data to be easily extracted. Each personnel file would have to be examined for serving officers and those who have retired or left either Constabulary. Considering such would consist of many thousands of files it would take well in excess of 36 hours to extract this information.

In relation to your request for information and in accordance with Section 17 of the Freedom of Information Act 2000 (FOIA), this response serves as a formal notification of refusal for your request. The Constabularies do not hold, for the purposes of FOIA, all of the information you require in a retrievable format.

It is estimated that to attempt to retrieve all of the information you require would take a considerable amount of retrieval time, exceeding the appropriate limit for dealing with Freedom of Information requests in terms of costs and therefore, Section 12(1) of the Freedom of Information Act 2000 applies.

Section 12(1) of the Freedom of Information Act 2000 states that a Public Authority is not obliged to: “...comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.” The Freedom of Information (Appropriate Limit and Fees) Regulations, defines the ‘appropriate limit’ for the Constabularies as £450 and specifies that this sum equates to 18 hours work per force at a standard rate of £25 per hour. This equates to 36 hours of work, or £900, for joint responses.

In accordance with Section 17(5) of the Freedom of Information Act 2000, this letter serves as a refusal notice for this part of your request.

By requesting *all* information your request is too broad to be complied with within the limit imposed on Freedom of Information requests.

Although excess cost removes the Force’s obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

The total number of police officer who have died whilst in service, is as follows:

Financial Year	Norfolk	Suffolk
2018/19	0	0
2017/18	1	1
2016/17	0	0
2015/16	0	0
2014/15	0	0

The following table confirms the number of police officers who have accessed the Employee Assistance Programme (EAP) services and Walnut Tree services in the past 2 years, from when the service was implemented, however this does not show how many have bene referred, rather the number who have made contact.

Employee Assistance Programme (EAP)

The EAP service offers 24 hours a day, 365 days a year access to telephone counselling, information services and short-term face to face counselling with a professional counsellor, close to home or work. The EAP freephone number is available for help with a wide range of problems. Officers and staff can access qualified counsellors face to face, by telephone and online as well as specialist debt counsellors, qualified solicitors and financial specialists.

The constabularies are working with Walnut Tree Health and Wellbeing to provide specialist trauma services including assessment, diagnosis and treatment for anyone who has suffered an out of the ordinary traumatic experience resulting in complex mental health needs. Referrals to Walnut Tree are made through the Force Medical Advisor.

Force	EAP
