Freedom of Information Request Reference N°: FOI 003476-20

I write in connection with your request for information received by Suffolk Constabulary on the 15 October 2020 in which you sought access to the following information:

“One of the major concerns is the potential impact on emergency service and police response times as the A12 and A1094 (Benhall to Aldeburgh) will face greater numbers of vehicles, both HGVs and workers' cars during the project's 36 month duration. As SPR admit in their Traffic and Transport assessment document; “modelling indicates that the project's traffic could lead to significant driver delay impacts” (6.1.26 Chapter 26 Traffic and Transport, page 71).

We would like to know if Suffolk's emergency and police services have been asked by SPR to assess the impact of additional response times due to a higher volume of traffic on the roads?”

Response to your Request

The response provided below is correct as of 12 November 2020

Suffolk Constabulary has considered your request for information and the response is below.

Suffolk Constabulary has no information in relation to your request. Although we have had verbal discussions with Suffolk County Council the design of the junction with the A12 and A1094 and potential abnormal load movements, there was nothing specifically discussed concerning the potential effect on police response times.

Should you have any further queries concerning this request, please contact Clair Pack, FOI Decision Maker, quoting the reference number shown above.
