# FURTHER INFORMATION

Welcome to the Hadleigh SNT.

Firstly apologies for the late issue this month however resources have been significantly stretched by a number of major incidents in Ipswich which you have no doubt seen in the media. Nevertheless we have continued to address local issues across the area.

Following the Police and Crime Commissioner and the Chief Constables visit to Hadleigh on the 21st November I have discussed the evening with Inspector Horton and agreed some measures to address some of the concerns raised.

The majority of work now conducted by the SNT is work that cannot be shared as we now concentrate primarily on issues of threat, risk and harm. This includes the safeguarding of individuals within the community by directing them to help and support organisations as well as addressing the conduct of individuals who have a significant impact on their communities or police resources by way of enforcement through community protection notices, community behavior orders and criminal prosecutions. We also investigate reports of hate crime. Nevertheless we still continue to address local issues where it is a crime series or community issue that effects an area or a number of residents.

Speeding and parking issues have also been addressed with days of action throughout the month targeting offenders and issuing penalty notices to those found.

As always I and my team will continue to address concerns as they are raised and can be contacted by phone or E-mail on the contact details below.

Regards,

Ps 1417 Milbourne
