Responding to issues in your community

Halesworth SNT together with partner agencies and some of the youths affected by the removal of the youth shelter came together for a meeting in November. The meeting was to discuss the possible return and a new site within the park for the youth shelter along with providing extra time available for young people at the Apollo youth club.

Making the community safer

The winter period often sees a rise in the theft of heating oil. Please be mindful with regard to securing your oil tank. Very often the least expensive option is a lockable cap, however cages can be purchased to secure your tank also. Please consider these options especially if your tank is overtly visible and/or it is next to a roadway accessible to others.

Preventing, reducing and solving crime and ASB

After concerns from residents linked to anti-social behaviour in Halesworth Park in relation to activity in and around the youth shelter, a decision was made by Halesworth Town council to remove the shelter in an attempt to alleviate reported issues. Our team will continue to work with the local council and residents regarding the ongoing issue of ASB.

Future events

Having seen an increase in theft related crime where power tools have been targeted our team will be working with the community to raise the awareness of the issue and advise on how you can mark your valuable property.

T. Tell employees, friends, family.
A. Accurately record serial numbers.
G. Get your property marked.
