<https://www.immobilise.com/>

Immobilise is the world's largest FREE register of possession ownership details and together with its sister sites the Police's NMPR ([www.thenmpr.com](http://www.thenmpr.com)) and CheckMEND ([www.checkmend.com](http://www.checkmend.com)), forms a very effective tool in helping to reduce crime and repatriate recovered personal property to its rightful owners.

Immobilise can be used by members of the public and businesses to register their valued possessions or company assets, and exclusive to Immobilise all account holders registered items and ownership details are viewable on the Police national property database the NMPR ([www.thenmpr.com](http://www.thenmpr.com)).

This online checking service is used by all UK Police forces to trace owners of lost and stolen property. In addition Immobilise is checked daily by a huge range of recovery agencies and lost property offices.

As a direct result of Immobilise there is over 250 cases a week where property is returned or information collected that assists the Police in investigating criminal activity involving stolen goods.

Immobilise is also the only ownership registration service that is Secured By Design (SBD) accredited and is supported by all UK Police forces, the Greater London Authority, and the Mobile Phone Industry.
