FURTHER INFORMATION

Since the 10th August the Southern part of Suffolk has suffered 136 burglaries. Although a high number of these have been in the more rural areas, Ipswich has seen an increase. Therefore we would like to remind residents of the need to take simple measures, as below, to help prevent them from becoming a victim of burglary.

Several burglaries have been via insecurities however some have occurred where glass at the rear of the property has been broken. Therefore if you see anything suspicious or hear the sound of breaking glass please report this immediately to the Police on 101 or 999 for a crime in progress.

- Keep your doors locked at all times, even when you are in the house or in your garden, but especially when you go out.
- Do not leave any keys in locks or close to doors or windows. Make sure you have a fire plan so you can get out in the case of a fire.
- Avoid keeping valuable jewellery in obvious places eg - jewellery boxes, under the bed or at the bottom of the wardrobe in the master bedroom.
- If using a safe please ensure this is secured to a solid floor see www.securedbydesign.com for details.
- Take photographs of all such items (laid beside a ruler) & store these in a safe place.
- Register all valuable items on www.immobilise.com
- Large quantities of cash should never be kept at home.
- Do not leave bricks or tools etc in the garden that could be used to break glass or force entry with.
- Keep back gates locked, with key operated lock eg padlock and make sure that there is nothing that could be used to climb over with, such as a wheelie bin.
