### Responding to issues in your community

We continue to work with our partners in promoting help Our Homeless and addressing the issues around begging and Rough Sleeping in The Town Centre. A new breakfast club has been launched by IHAG, and we sign post those in need there to receive a variety of assistance

### Making the community safer

Motorists are reminded not to park obstructing pathways or pavements. Some of our less able residents are finding their ability to use pavements very restricted. Operation Close Pass has been launched in an effort to raise awareness in respect of allowing sufficient passing cyclists and general road safety towards cyclists.

### Preventing, reducing and solving crime and ASB

We are working with The University and Suffolk New College to address the ASB issues in the area.
