## YOU SAID...

2. ASB use of mopeds, motorbikes on open spaces around East Ipswich
3. ASB at Selkirk Road, Coop.

## WE DID...

1. Continued targeted patrols in and around the heath. There has been further criminal damage on the heath, caused by motor bikes and pedal cycles and also an arson, which are all currently being investigated. Our SNT continue to patrol the heath and will monitor this area and deal with any ASB direct.
2. The use of mopeds and motorbikes on the open spaces around the East of Ipswich, has decreased since the beginning of this issue being mad a priority. Our team are pro-actively targeting those individuals responsible and have gathered intelligence and issued Section 59 warnings to moped and motorbike users, who ride in an anti social manner. This pro-active approach will continue, along with Engaging with users of the areas concerned offering advice and reassurance.
3. Our SNT officers in conjunction with the antisocial manger from East of England COOP, are contniuing towards engaging with the youth and their families to understand what the issues and concerns are. Both the Police and the COOP are working towards a long term solution for the community. At this time several youth have received community resolutions for their behaviour and we continue to meet and engage any unruly behaviour head on.

## CHURCH LEAD THEFT

Rural churches are often targeted due to their isolated locations so members of the public are asked to report any suspicious activity they see. Stealing a large amount of lead takes time and a reasonably large vehicle to transport it, so any early reports will assist police in locating offenders.

Chief Inspector Matt Rose said "We are asking local people to take an interest in their local church whilst they are out and about. If you take the dog out for a walk, or go for a stroll, don't ignore anything that you think looks out of place - report anything you think may be suspicious to the police. Communities can act as our eyes and ears, and by pulling together to note suspicious activity, we can deter thieves and help keep these historic buildings safe"

Suffolk is a safe County, but everyone has a responsibility to help make it even safer.

If you can get in touch with Suffolk Constabulary depending on the urgency and type of request.

By telephone in an emergency always dial 999. Dialing 999 is a must if you are facing an incident or crime right now and you need police help immediately.

The Suffolk Constabulary non-emergency number 101 is the number to call when you want to contact police when it is less urgent than 999.
