Responding to issues in your community

During the month of May, there was a total of 797 investigations in Ipswich East. This is an increase from April, where we recorded 692 investigations. (Investigations relate not only to recorded criminal offences, but also safeguarding individuals). Each ward has been affected by, residential / garage / shed burglaries, thefts from motor vehicles, criminal damage and ASB incidents. Investigations also include, reassurance and crime reduction surveys.

Making the community safer

During May half term, our SNT officers took part in Operation Parkland, which has been designed to combat ASB during the school holidays. Officers visited locations throughout the East locality, identified as hot spots for ASB. During the week, teams from our SNT engaged with local youths and visited gathering areas, including open spaces, shopping precincts and libraries. The week was successful and we saw a good reduction throughout the whole SNT area with regards to ASB.

Preventing, reducing and solving crime and ASB

Our SNT continue to develop intelligence surrounding drug activity in the Ipswich East area. Areas of note are Devonshire Road, Myrtle Road and Holywells Park, to name but a few. Our officers patrol these areas on a daily basis and deal with any drug related activity that is observed. We have recently executed several warrants, resulting in a number of arrests and the seizure of a significant amount of drugs. Sadly throughout the early part of June our officers have been heavily committed with Op Ruddock, which is the operational name for the Murder of Tavis Spencer-Aitkens. The police POD still remains in situ at Packard Avenue and should any members of the public want to speak with the Safer Neighbourhood team, they can pop along for an informal chat.

This SNT covers the following parishes

The wards of Bixley, Gainsborough, Holywells, Kesgrave, Priory Heath, Rushmere St. Andrew (town), Rushmere, St. John's.
