Responding to issues in your community

During the month of April, there was a total of 692 investigations in Ipswich East. This is a decrease from March, where we recorded 733 investigations. (Investigations relate not only to recorded criminal offences, but also safeguarding individuals). Each ward has been affected by, residential / garage / shed burglaries, thefts from motor vehicles, criminal damage and ASB incidents. Investigations also include, reassurance and crime reduction surveys.

Making the community safer

A major concern of our local communities, across each ward, are speeding motorists. During our regular partnership meetings, local councillors representing their various wards have identified areas of concern. Local funding has been successfully obtained and Speed Indication devices have been purchased. Our SNT officers now deploy these devices on the roads initially identified and this will continue to happen throughout our SNT area.

Preventing, reducing and solving crime and ASB

Our SNT continue to develop intelligence surrounding drug activity in the Ipswich East area. Areas of note are Devonshire Road, Myrtle Road and Holywells Park, to name but a few. Our officers patrol these areas on a daily basis and deal with any drug related activity that is observed. We have recently executed several warrants, resulting in a number of arrests and the seizure of a significant amount of drugs.

This SNT covers the following parishes

The wards of Bixley, Gainsborough, Holywells, Kesgrave, Priory Heath, Rushmere St. Andrew (town), Rushmere, St. John's.
