PC Michael Small

Responding to issues in your community

By way of an introduction, I am PC 710 Michael Small and I have recently taken up the post of Community Engagement Officer for the Ipswich West and Hadleigh Safer Neighbourhood Team. I have been a police officer in Suffolk for 26 Years and have worked in a number of areas of Suffolk including Leiston and Ipswich, both as a response officer and a community 'beat' officer. I have recently been a Trainer at our training school teaching student police officers. I am really looking forward to the opportunity of returning to community best policing in my new role as your Community Engagement Officer.

Making the community safer

I work as part of a committed team of Police officers and Police Community Support Officers on the Safer Neighborhood Team. Our remit is to react to issues in the community with a problem solving approach to policing. We work closely with our 'Partner Agencies' responding to reports of crime and ASB in the West Ipswich area with the aim of making West Ipswich a safer place to live and work for the whole community.

Preventing, reducing and solving crime and ASB

In order for us to achieve our goals we rely on the community of West Ipswich to let us know of issues in their area that are a cause for concern. I aim to engage with you through traditional methods of patrolling your area and attending public events and forums as well as providing you with updates on social media and through our constabulary website. Please follow us on 'Facebook' @IpswichWestPolice and on 'Twitter' @IpsWestPolice.

Police connect - we are always looking for more people to sign up to Police connect. This is a free messenger service for those who cannot access social media, which means you can receive texts messages or emails with up to date information about policing in your area. You can go Online on this link <https://www.suffolk.police.uk/services/police-connect> and register or request a form from us via CEOlowestoft@suffolk.pnn.police.uk.
