Responding to issues in your community

In response to the reports of further issues with the Street Drinkers by the local community the SNT have been able to issue four street drinkers with Community Protection notices which have conditions on them with regards to having open alcohol containers and in some cases general anti social behaviour, we would as the community to keep us informed of any issues with the street drinkers so that we can continued to work with our community partners to alleviate any issues in the area.

Making the community safer

Shop thefts are still at a very low level which is very good news, however we have had reports of purse thefts in the town centre which are being investigated we would urge the community to use purse chains or bells and keep their bags closed and do not keep large amounts of cash in their bags, we are also experiencing an increase in theft of and theft from motorvehicles, Our response and snt officers are investigating reported incidents and will continue to do patrols where possible.
