### Responding to issues in your community

The local SNT will continue to carry out sporadic parking enforcement in the Town and other areas identified, as well as carry out speed enforcement in the villages.

### Making the community safer

The policing teams had a busy end to the month with "The Beast From The East" to contend with. And whilst the weather may have been atrocious, officers coped admirably with everything that was thrown at them from the elements.

### Preventing, reducing and solving crime and ASB

We have received reports of young people again causing ASB on Red Lodge and I would urge people to come forward when you witness anything to assist us in dealing with those responsible. In the meantime we will continue to patrol the area when the opportunity allows.
