1. Issues around the Yellow Brick Road

### We did...

1. Continued patrols of area and working with Council around supply of CCTV

### Fire/Police Fun Day

### Responding to issues in your community

As mentioned above we are working with partners to improve the safety of the Yellow Brick Road. Incidents have occurred in this area and whilst we are increasing patrols we are still pushing for CCTV to be installed.

Successful drug warrants carried out inside rooms at Portland House on the High Street. Resulting in the eviction of 5 service users.

### Making the community safer

Our first Fun Day with the Fire Service was a great success on 2nd September. Good weather also assisted with an excellent turn out and (to be confirmed) £3500 raised for charity. Many thanks to all that came to visit and support us and in particular those businesses and organizations who attended. Same again next year?

### Preventing, reducing and solving crime and ASB

Travelers have appeared on the site of ST FELIX school at the beginning of September. They are being monitored daily by Police for welfare issues and ASB towards settled Community. They will be served notice to evict the land on Monday 10th.

A 29 year old female charged and remanded, and a 46 year old male bailed for attempted robbery on the Yellow Brick Road on 12th August.

### Future events

12/09/2018 in the afternoon  
Crime Prevention stall in the  
Guineas.

22/09/2018 in the afternoon
