PART ONE

INITIAL EQUALITY IMPACT ASSESSMENT AND SIGNIFICANCE TEST

The Initial Equality Impact Assessment and Significance Test templates should be completed prior to seeking authority to proceed with the development of the following documents:

- Strategies
- Plans, including Contingency Plans
- Project Initiation Documents
- Policies and Procedures

The Initial Equality Impact Assessment and Significance Test grading will always be agreed by three people. This will give integrity and consistency to the process and will draw on the experience, knowledge and common sense judgement of more than a single individual. The following will usually be the posts involved in the process;

Policy and Procedure

- Policy or Procedure Owner or Holder
- Policy Officer
- Diversity Officer

Other Corporate Documents

- Corporate Document Owner
- Corporate Document Developer
- Diversity Officer

Advice on the types of information available to assist in the completion of the templates can be obtained from the Policy or Diversity Units.

It is recognised that there will be occasions when the knowledge and experience of the staff members involved in the Equality Impact Assessment process will be such that there may not be a need to undertake any initial research or consultation in order to complete the Initial Equality Impact Assessment. This is acceptable provided that the reasons are accurately recorded in the workbook.

SIGNIFICANCE OF INITIAL EQUALITY IMPACT ASSESSMENT

Based on the information provided in the Initial Equality Impact Assessment template, assess the significance of the impact as either Low, Medium or High.

Guide to assessing significance:

Low – where the answer in respect of all eleven groups in 1.5 above is ‘no’;

Medium – where the answer in respect of between one and four groups in 1.5 above is ‘yes’. However, if the likely adverse impact on any or all of those groups is considered to be particularly significant, it may be appropriate to classify the significance as High;

High – where the answer in respect of between five and eleven groups in 1.5 above is ‘yes’ or where the likely adverse impact on one or more groups is considered particularly significant.

Low: No further assessment required and review every three years.	X
Medium: Requires Full Equality Impact Assessment and relevant consultation in year one and bi-annual review.	
High: Requires Full Equality Impact Assessment and relevant consultation in year one and annual review.	

Equality Impact Assessment - Low Significance

Those corporate documents identified as having a low significance will be developed without the need to complete a Full Equality Impact Assessment. However, if during the course of the corporate document process equality issues are identified then the Initial Impact Assessment and Significance Test should be repeated.

Equality Impact Assessment – Medium and High Significance

The Full Equality Impact Assessment process will commence when approval has been given to develop the corporate document.
