FURTHER INFORMATION

STREET BEGGING IN IPSWICH TOWN CENTRE - YOUR KINDNESS COULD KILL

Police are continuing to work with our partner agencies to ensure that individuals have access to housing, healthcare and appropriate benefits.

Unfortunately there is a core of individuals who refuse to engage with the services offered to them, and continue to aggressively beg.

Ongoing work is being carried out in this area to establish a long term solution to the issues.

Not all homeless persons beg and not all those begging are homeless.

WESTGATE WARD

A Policing Operation has been specifically commissioned to address the numerous challenges and issues highlighted by Residents, Councillors and the Business Community.

There are many strands to the Operation, including multi Agency engagement events, close liaison with our Partners and increased use of ASB powers and dispersal notices.

LICENSING

We as an SNT are working closely with Ipswich Borough Council Licensing to ensure that all licensed premises within the 3 Wards are aware of their responsibilities. This is particularly important at this time of year with the European Football Championships, and the impact irresponsible licensing can have upon the Community in respect of ASB and crime.
