# FURTHER INFORMATION

It appears not all Parish Councils are aware of the National Police Crime Data website run by the Home Office. It's been in existence for some years and is owned and publicized by the Home Office. It contains all your local crime data, stop search data and other similar information. During the implementation of the Suffolk Local Policing Review this information was shared at SALC meetings but we thought we would take this opportunity to remind parish and town councilors of its existence.

If you wish to review the crimes reported in your parish you should go to the National Police website ([www.police.uk](http://www.police.uk)) and select:

- Crime map
- Enter your Post Code and drill down as necessary to your local parish.
