

# Equality Impact Assessment

*Unauthorised Encampments*

Document Version:	1
Date Completed/Reviewed:	October 2018

## What is an Equality Impact Assessment?

An Equality Impact Assessment (EIA) is an evidence-based assessment of how an organisational policy, plan or practice will positively support the Constabulary's/Constabularies' general equality duties, as well as identify any potential negative disproportionate impact on people or groups of people, specifically those identified as having a protected characteristic as identified in the Equality Act 2010. It will also outline any steps required to mitigate any negative impact as well as identify ways to promote equality of opportunity.

There are nine protected characteristics, which are:

- Age,
- Disability,
- Gender Reassignment,
- Marriage and Civil Partnership,
- Pregnancy and Maternity,
- Race,
- Religion or Belief,
- Sex, and
- Sexual Orientation.

Two additional areas for consideration have also been included in this assessment:

- Family Status (e.g. dependants or caring responsibilities), and
- Economic Status.

## Completing the EIA

Stage one of the EIA (Initial Screening) must be completed before a policy, plan or practice is developed or reviewed. This will then determine whether it is necessary to continue onto stage two; the Full EIA. Where a Full EIA is required, this is an ongoing process and needs to be completed alongside the policy, plan or practice development/review and must not be completed retrospectively.

Completion of the EIA should be carried out in conjunction with the joint Equality Impact Assessments policy.

Further advice on the completion of the Equality Impact Assessment can be obtained from either of the Constabularies' Diversity Units.

**Please Note:** For ease of reference, within this template the term 'policy, plan or practice' is used, but must be taken to mean any organisational functions, activities or decisions that may affect external communities or internal personnel.

## Stage One – Equality Impact Assessment Initial Screening

The EIA Initial Screening must be completed prior to a policy, plan or practice being developed/reviewed.

**1 Summarise the main aim(s) or purpose(s) of the policy, plan or practice, including any benefits or outcomes:**

To outline the constabularies' roles and responsibilities in managing unauthorised encampments. To ensure all unauthorised encampments are dealt with consistently across the constabularies and that the people camping are treated fairly.

**2 What factors, if any, could contribute or detract from the outcomes?**

If not followed, the constabularies reputations in dealing with such incidents would be questioned and would have a detrimental impact on the public's view on the organisations

**3 Identify individuals and organisations (internally and externally) that are likely to have an interest in, or be affected by the policy, plan or practice:**

Internal
All operational police officers, PCSOs, and Special officers
External
Suffolk County Council. Local communities, Gypsies and Travellers

**4 Is there any evidence that the policy, plan or practice could have a differential and/or adverse impact on any of the following groups?**

Protected Characteristic		Evidence/Reason
Age	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>	There is no evidence to suggest that the policy would impact upon people with these protected characteristics.
Disability	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>	
Gender Reassignment	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>	
Marriage & Civil Partnership	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>	
Pregnancy & Maternity	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>	
Race	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>	Due to their nomadic and transient lifestyles, Gypsies & Travellers are more likely to be affected by this procedure than any other racial group.

Religion or Belief	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>	Many Gypsies & Travellers take part in large events such as weddings and funerals. These events can take place over a number of days. Therefore, being directed to leave land can disrupt and impact upon their involvement in these events, which mark community identity and cohesion.
Sex	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>	There is no evidence to suggest that the policy would impact upon people with these protected characteristics.
Sexual Orientation	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>	
Family Status*	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>	Gypsies & Travellers usually travel with their families and will have distinguished roles within their families. An eviction may mean a family member who (for example) needs caring for will not be located in the same place as the family member who was caring for them, impacting upon the dependent.
Economic Status	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>	Eviction may impact upon families who set up camp for work purposes, resulting in work not being able to be undertaken to earn money.

\*For example, dependants or caring responsibilities

**5 Can any impact identified above be justified? Yes  No  N/A**

**Evidence/Reason:**

The policy and procedure covers the need for welfare assessments to be completed before an eviction is decided upon. The procedure is in conjunction with the Partnership Protocol document which incorporates all the relevant organisation and agencies necessary to ensure an unauthorised encampment is dealt with fairly and with consideration to any diversity issues.

The Equality Impact Assessment is now complete if:

- **No** differential/adverse impact has been identified, or
- A differential/adverse impact has been identified **but can be justified**.

If the differential/adverse impact **cannot** be justified, a [Full Equality Impact Assessment](#) must be completed.

**6 Is a Full Equality Impact Assessment required? Yes  No\***

**\*Please Note:** If equality issues are identified during the course of the policy, plan or practice development/review, the EIA Initial Screening will need to be revisited. This may result in a Full EIA being required where it previously was not.

## **Stage Two - Full Equality Impact Assessment**

A Full EIA must be completed where the EIA Initial Screening has indicated that a policy, plan or practice has the potential for differential/adverse impact which cannot be justified on the grounds of being a necessary and proportionate means of achieving a legitimate aim.

**Please Note:** This is an ongoing process and needs to be considered/completed alongside the policy, plan or practice development/review.

The following questions should be considered from the perspective of all protected characteristics, as identified on page 2.

### **1 Research**

<b>a) What quantitative data has been considered?</b>
<b>b) What qualitative data has been considered?</b>
<b>c) Have any concerns been identified through the research findings?</b>
<b>d) Have any gaps in the research/data been identified?</b>
<b>e) Has the policy, plan or practice been amended as a result of the research findings, and if so, how?</b>
<i>(Amendments must be recorded in Appendix A)</i>
<b>f) Outline any plans for further research or data collection.</b>

### **2 Consultation**

<b>a) Which individuals and organisations internally and externally were consulted?</b>
<i>(Equality &amp; Diversity related responses received must be recorded in Appendix A)</i>
<b>b) How have the consultees been informed of the results of consultation?</b>

### 3 Equality Analysis

<b>b) What negative implications, if any, have been identified through the research and consultation?</b>
<b>c) What positive implications, if any, have been identified through the research and consultation?</b>
<b>d) From the research and consultation, is there any evidence that the policy, plan or practice discriminates directly or indirectly, against any members of the public or Norfolk and/or Suffolk Constabulary staff?</b>

### 4 Equality Review

<b>a) What key changes have been made throughout the EIA process to reduce adverse impact or promote good relations between different groups of people?</b>
<b>b) What changes, if any, were considered but not implemented? Please state why.</b>
<b>c) If the potential remains for the policy, plan or practice to have a negative impact on one or more of the protected characteristics, explain why implementation is to continue, and how this can be justified.</b>

### 5 Monitoring

<b>a) What arrangements have been made to monitor the policy, plan or practice? Identify monitoring review dates.</b>
