Responding to issues in your community

During the month of March 2019 there were a total of 300 investigations in Woodbridge (Investigations relate not only to recorded criminal offences, but also safeguarding individuals). Parishes have been affected by, residential / garage / shed burglaries, thefts from motor vehicles, criminal damage and ASB incidents. Investigations also include reassurance and crime reduction surveys.

Making the community safer

The Eastern area of the County has experienced a high volume of vehicle thefts. Many vehicles targeted had been left insecure with items of value on display. We advise car owners and drivers to secure their vehicles at all times and refrain from leaving any valuables inside their vehicles. Those with keyless entry vehicle fobs or cards are advised to keep their fob or card away from doors and windows when at home or store them in a protective metallic container at home or protective Faraday pouch when out. Protecting your fob or card will prevent the signal being used by criminals with another device which enables them to gain entry to your vehicle. Switching your vehicle fob off when you are away on holiday is another way to prevent vehicle theft.

Preventing, reducing and solving crime and ASB

Police are actively patrolling Woodbridge Town following a number of complaints relating to vehicles being parked illegally. This includes vehicles parking outside schools on the "Keep Clear" Zig Zag lines, double yellow lines, single line no waiting and obstructing paths and access. We advise all motorists to adhere to the parking restrictions which are there to keep everyone safe. Please be considerate when parking in the Town and surrounding residential areas.
